**High-performance low-friction engine oil for BMW engines of the latest generation**

### Properties

**FOSSER Premium Longlife 12-FE 0W-30** is a low-ash, fuel-economy engine oil for modern BMW engines. By saving fuel, it helps reduce CO2 emissions. Thanks to the product's innovative additive technology and its significantly reduced content of ash-producing compounds, the oil provides excellent protection for diesel particle filters against dirt (LOW-SAPS formulation).

**FOSSER Premium Longlife 12-FE 0W-30** ensures quick cold starting at low temperatures and protects the engine against corrosion and deposits. The synthetic oil keeps the engine in pristine condition.

### Use instructions

**FOSSER Premium Longlife 12-FE 0W-30** is only suitable for selected BMW diesel engines from model year 2014 for which it has been approved (all B37 3-cylinder engines, 4-cylinder engines from 2014 and 6-cylinder engines from model year 2013) with no more than 1 turbocharger. The product is also suitable for all BMW petrol engines from model year 2002 produced for the EU market, Norway, Switzerland and Liechtenstein.
