High-performance low-viscosity engine oil for passenger cars

Properties

FOSSER Premium Special F 5W-30 is a synthetic high-performance fuel-economy engine oil of the latest technology for modern Ford petrol and diesel engines. Excellent cold-start behaviour ensures optimum lubrication reliability in the cold-running phase. The special additive makes it compatible with E85 and ensures better protection of the emission control systems. Seal and belt materials are protected. Guarantees highest engine cleanliness and best wear protection. Exceptional product stability enables extended oil change intervals.

Fosser Premium Special F 5W-30 guarantees fuel savings and contributes to environmental protection by reducing CO2 emissions.

Use instructions
