High-Performance Low-Friction Engine Oil for Ford Engines

Properties

FOSSER Premium Special F Eco is synthetic high-performance low-friction oil of the latest generation for modern Ford petrol engines. Its excellent cold start behaviour ensures optimum lubrication during the cold start phase. Special additives enhance the protection of the catalytic converter. The product guarantees optimum wear protection and great engine cleanliness. Its exceptional stability allows for extended oil change intervals.

FOSSER Premium Special F Eco reduces fuel consumption by up to 3% and protects the environment through lower CO₂ emissions.
